

GL-CORE M CP

LOCATE DISTRIBUTOR

Product Description

M4 Buttstock With 'Built-In' Mag Carrier Mil-Spec or Com-Spec
buffer tubes

Product Advantages

- Tactical buttstock with integrated AR 5.56 magazine carrier
- Optimized for a rapid magazine change
- Multi textured rubber butt-pad for a secure shouldering during rapid fire
- Interchangeable buffer tube adapters for a tight fit on Mil-Spec and Commercial buffer tubes
- Integrated cheek weld optimized for the M4/AR15 platforms
- Provided with one Ultimag 10 round AR magazine
- Includes ambidextrous quick detach rear sling swivel connectors
- Front part of the CP can be adjusted to 3 different height levels

Compatibility

- Compatible with both Commercial and MIL-Spec buffer tubes
- All standard 5.56x45 (.223 Remington) AR15/M16/M4 steel magazines
- *Cheek-Rest for the GL-CORE series buttstock compatibility:
- AK, VZ and shotgun platforms. On the AR platform, the CP may obstruct the use of the charging handle when the buttstock is fully collapsed
- The height measurement refers to the height of the Check Rest above the GL-CORE integrated cheek weld
