

GL-CORE S

CQB Optimized Combat Buttstock For Mil-Spec or Com-Spec Buffer Tubes

LOCATE DISTRIBUTOR

Product Description

GL-Core S was specifically designed for one of the best Israeli Counter-Terrorism units as a primary buttstock. The design process started with the GL-Core buttstock, and implemented all the design changes that were requested to create a buttstock that will be short and compact for CQB scenarios but will still provide strength and stability for mid-range engagements.

Product Advantages

- Small and compact allowing for easy maneuverability during CQB scenarios
- Flat faced rubberized butt-pad designed for use with and without

tactical body armor

- Interchangeable buffer tube adapters for a tight fit on MIL-Spec or Commercial buffer tubes
- Integrated cheek weld optimized for the AR15/M4 platforms
- No protruding parts, will not get caught on gear or webbing
- Inversed positioning lever will not open accidentally
- Two integrated Quick Detach (QD) rear sling swivel connectors
- Made of durable and light-weight fiberglass reinforced polymer composite
- Available in Black, OD Green or Flat Dark Earth

Compatibility

- Buffer tubes, in Mil-Spec or Commercial diameters

Specifications

Length 165 mm

Width 51 mm

Height 109 mm

Weight 210 gr
