

GRADUS AK

LOCATE DISTRIBUTOR

Product Description

The Gradus pistol grip incorporates the results of numerous requests by our customers for an ergonomic rubberized grip that will have a relatively straight profile for long range precision shooting and CQB scenarios. The Gradus was designed with a 15 degree profile and rigorous attention to ergonomics, for a purposeful grip, enabling a comfortable long range session or an intensive CQB drill.

Product Advantages

- Reinforced polymer core with textured rubber overmold
- Designed to relieve pressure on the hand by equally distributing the force applied on the surface of the grip
- 15 degree reduced grip angle, perfect for precision shooting & CQB
- Slim ergonomic design with a curved back strap for enhanced, more comfortable grip
- Available in Black, Olive Drab Green or Flat Dark Earth

Compatibility

- AK-47/74, AKM, AKS-74U 'Krinkov', Galil Models
