

KPOS Scout SL Advanced

Pistol Conversion Kit w/ Slingshot handgun brace for Glock® 17/19

LOCATE DISTRIBUTOR

Product Description

Introducing the Slingshot arm brace –designed to enhance control and precision when using the KPOS Scout conversion kit. The Slingshot arm brace allows the user to operate the firearm using only their dominant hand, eliminating the need for a support hand or shouldering the weapon. The Slingshot arm brace is easy and intuitive for use, simply lower it on your forearm, and it immediately opens to grab the forearm and provide a wide area of support. With its lightweight and streamlined design, the Slingshot Arm Brace enhances the shooting experience by offering superior handling and support. It's a perfect tool for anyone looking to improve control and stability when using the KPOS Scout conversion kit. The KPOS Scout conversion kit, has a unique hybrid construction, combining a rigid aluminum upper with a lightweight polymer

lower, for a compact yet extremely durable and accurate handgun conversion kit. The KPOS Scout upper is machined from 6061 T6 aluminum, with a full length, integrated 1913 MIL-STD Pi

Product Advantages

- Slingshot arm brace allows the user to operate the firearm using only their dominant hand
- Hybrid design, aluminum & polymer Extremely light weight, easily concealable and compact
- Quick and easy installation requires no tools or handgun modification
