

M4 - VEPR Stock SB

LOCATE DISTRIBUTOR

Product Description

The M4-VEPR SB Shock-Absorbing Buttstock System replaces the VEPR OEM stock with an M16/M4 collapsible and side folding stock with an all metal adaptor.

Product Advantages

- Silicon-chrome alloy spring based Shock-Absorbing mechanism reduces recoil, improves accuracy and ""on-target"" time during rapid fire
- Non slip design provides superior shoulder positioning enhancing tactical performance
- Ultra-rugged design, all metal adaptor with fiberglass reinforced polymer buttstock
- COM-SPEC 6061 T6 hard anodized aluminum buffer tube
- Built-in sealed 2 AA OR CR123 batteries compartment
- Includes preset ambidextrous sockets to accommodate our SLS QD Sling Swivels
- Replaces the original buttstock and operates with the original left folding mechanism
- Available in black, olive drab green or desert tan

Compatibility

- VEPR: 12 / 7.62
