

MG-9m

Foregrip & Handgun Magazine Grip

[LOCATE DISTRIBUTOR](#)

Product Description

The MG-9m is a foregrip with a Picatinny Rail that also functions as a holder for spare magazines. It can be adjusted to fit most polymer and steel magazines by changing the tension.

Product Advantages

- Foregrip and spare magazine holder
- Improved tactical efficiency with extra magazine in hand making magazine changes faster.
- Fits all 1913 MIL-STD picatinny rails
- Ergonomic operational design maximizes tactical flexibility.
- Secured mounting bolt locking system
- Durable & lightweight
- Available in black, olive drab green, or flat dark earth

Compatibility

- Standard MIL-STD 1913 Picatinny Rail
- Adjustable tension accommodates pistol magazines from G43X to G17/19 sizes.
