

RAIL COVERS

LOCATE DISTRIBUTOR

Product Description

RC is a solid rugged rubber Picatinny Rail cover which provides superior polymer-rubber composite mounted by a simple cover slide over the Picatinny rails.

Product Advantages

- Furnishes contour of a rounded, smooth, circular handguard
- Protects shooter's hand from sharp edges of unused rails and barrel emitted heat
- Renders rail less vulnerable to snag on clothing and equipment
- Pre-segmented construction for ease in cutting length for a custom fit
- Multiple sections may be mounted consecutively for smooth, visually continuous cover for longer handguards

Specifications

Length 146 mm

Width 38 mm

Height 14 mm

Weight 29 gr
