Product Description

'TS-BB' Tactical Safety 9mm Barrel Blocker is the latest addition to our line of safety and training products.

Product Advantages

- Bright red color enhances firearm visual safety Provides the user and its surroundings with a visual confirmation that there is no round in the chamber Does not Interfere with normal use – a simple cocking motion will eject the barrel blocker and load a live round in to the chamber (if a loaded magazine was inserted first) Enhances firearm situational awareness Prevents accidental discharge, enables rapid charging of live ammunition Also available for 556mm version
