

Twin Spark 7 On

LOCATE DISTRIBUTOR

Product Description

Twin Spark 3 is a single-night range reactive add-on for F.A.B. RTS target systems. It comes with a control box and two reactive LEDs: one for indicating when a target is hit, and another for simulating enemy fire. The system automatically shuts off after 7 target hits

but reactivates(Auto-On) after 3 minutes. The Spark exists in several versions, which differ in the number of hits needed and how the system will react once said number of hits was achieved.

Product Advantages

- Easily recognizable bright LED lights
 - LED for enemy fire simulation
 - Separate LED for clearly indicating when target is hit
 - Available in red, yellow or mixed lights combinations
 - Available in 3 Hits, 7 Hits or Always On variants
