

## UAS - 500

LOCATE DISTRIBUTOR

### Product Description

The UAS 500 Combined Pistol Grip and UAS Buttstock was designed to enhance overall tactical control of your Shotgun.

## **Product Advantages**

- Ultra-rugged design
- Slim, with low profile
- Incorporates a push-button release spring locking mechanism for efficient opening and folding action
- Rubber butt pad enhances shoulder-position stability and reduces perceived recoil
- Integral adjustable cheek rest
- Provides clearance for trigger when in folded position
- Non-slip tactile texture made from reinforced polymer composite
- Enhances natural fighting stance and hold on your shotgun -- slightly angled to counter recoil
- Improved reaction time, target acquisition, muzzle control while firing for faster follow-up shots.
- Ambidextrous left-folding mechanism by default, can be set to right-folding (please designate upon order)
- No gunsmith required
- Provides a storage compartment for spare batteries or cleaning kit
- Includes preset ambidextrous sockets to accommodate our SLS QD Sling Swivel
- Available in black, olive drab green or desert tan

## **Compatibility**

- Mossberg 500 & Maverick 88 12 gauge Shotguns
