

UAS - 870

LOCATE DISTRIBUTOR

Product Description

The UAS 870 Combined Pistol Grip and UAS Buttstock was designed to enhance overall tactical control on your Shotgun.

Product Advantages

- Ultra-rugged design
- Slim, with low profile
- Incorporates a push-button release spring locking mechanism for efficient opening and folding action
- Rubber butt pad enhances shoulder-position stability and reduces perceived recoil
- Integral adjustable cheek rest
- Provides clearance for trigger when in folded position
- Non-slip tactile texture made from reinforced polymer composite
- Enhances natural fighting stance and hold on your shotgun -- slightly angled to counter recoil
- Faster target acquisition, more time on target, better muzzle control while firing
- Ambidextrous left-folding mechanism by default, can be set to right-folding (please designate upon order)
- No gunsmith required
- Provides a storage compartment for spare batteries or cleaning kit
- Includes preset ambidextrous sockets to accommodate our SLS QD Sling Swivel
- Available in black, olive drab green or desert tan

Compatibility

- Remington 870 12 gauge models Shotguns
